Cyber Security

PROFILE

My name is Nouraddin Abdurahman Aden, I'm 20 years old, I was born in Somalia in 2001, and I am living in Qatar Now. I finished my secondary studies at Umar ibn Abd al-Aziz Secondary School for Boys in Qatar,

I love programming and mathematics and physics and science, since I hope to complete my university to get a Bachelor of Software engineering due to it related to math, physics, science, Programming Languages, Algorithm Analysis, and Design, Digital Signal Processing, Network and System Security, Digital system, ...etc. I always look forward to discovering and learning more and more about the computer and the new computer properties, I wish to develop my knowledge in this field more and more, and I'm very good at math and physics.
